The News.

Advices from Mexico indicate the entire success of the Liberal party. They were said to be in possession of the whole country except the capital.

The New York Democracy have split on the municipal nominations, the parties being Tammany and anti-Tammany Democrats.

The money stolen from the Wabash Rail Road safe at Fort Wayne, the other day, has been recovered and the thieves arrested.

Several items of local news will be found in telegraph column.

The Chamber of Commerce, of this city, was formally opened in the presence of a large number of our mercantile and commercial men.

Both wheat and flour advanced in the New York and Buffalo markets yesterday. Our own market was steady and tolerably active.

The weather continues cold and clear, and the roads are again in pretty good condition.

Detroit & Milwaukee Railway.

We learn, with equal surprise and mortification, that the Detroit and Milwaukee Railway, which has secured to this City and State their only direct communication with the Atlantic sea-board, is obliged to reckon among its opponents, *every Railroad leading into Milwaukee.*— This fact, doubtless inexplicable to most of our readers, becomes doubly disgraceful when all the circumstances of the case are recalled. MILWAUKEE gave *nothing* towards the construction of the Detroit & Milwaukee R. R.; MILWAUKEE has contributed nothing towards building suitable steamers to connect our city and Grand Haven; but in lieu of *deeds*, MILWAUKEE has been prodigal of *words*. It we could not help the Railroad, or build the steamers, we promised to give them all the aid and encouragement in our power.

Well, the road is completed; the steamers are running, and what do they find? Why, that instead of being received here with a cordial and general welcome, our Railroad Companies, *one and all*, are working *against* them, and seeking to divert *all* the trade and travel to Chicago and thence East and South!

The Detroit & Milwaukee R. R. Company ask no favors; they simply claim *fair play*; they only demand, that the different Rail Road Companies, leading into this city, shall not *discriminate against them*. Is this not perfectly fair and reasonable? Can such a request be justly denied? Will our Merchants and Business men countenance the injustice of which the Detroit & Milwaukee Rail Road rightfully complains? Will they not, on the contrary, *insist upon* that Company being fairly and equitably treated?

The question is one which concerns our city not only, but our entire State. Every interest in Wisconsin, Agricultural, Mechanical and Commercial, is benefited by this new, direct and grand thoroughfare between the West and the East. All interests, therefore, will be benefited by the success of this route, and all should lend it a helping hand. Why, then, do our Wisconsin Rail Roads *fight* the new route, instead of favoring it? Does anybody know? Will anybody tell? And if no satisfactory answer to these queries is given, will not our citizens take the matter in hand, *promptly*, and demand that the Detroit and Milwaukee Rail Road shall have *justice!*

An Outrageous Slander.

The following unfounded and inexcusable slander upon the Mayor and other officials of this city, appeared in the *News* of Sunday morning:

INDECENCIES OF OUR "REFORM OFFICIALS."—On the recent visit of the Detroit Light Guard, they were accompanied by Mayor Patton, and, to the chagrin and mortification of many of our intelligent citizens, he did not receive even as much as a passing notice from our "reform" Mayor and Council. Such a lack of common courtesies of life is disgraceful, and either displays malignant partisan hate, or blind, inexcusable ignorance of that universally acknowledged rule of etiquette which should ever characterize such occasions. Detroit must not place the omission to the account of our citizens, for they generally feel ashamed of the shabby conduct of the Mayor.

That the above was a *lie*, from beginning to end, is made sufficiently clear by the subjoined paragraph which we copy from the *News*, of yesterday:

INDECENCIES OF OUR "REFORM" OFFICIALS.—An article, or rather squib, with the above heading, appeared in the local column of our paper on Sunday morning, without the knowledge or consent of the editors or proprietors, which does the greatest injustice to Mayor Prentiss and the officers of the city in regard to the reception that the Detroit Light Guard met with from our city, officials. In fact, instead of meeting with neglect, we understand that Mayor Prentiss, Comptroller Hathaway, and Mr. Lynch, the clerk of the Council, showed them all the attentions in their power. We regret that any such article should have appeared in our paper, *as it was entirely untrue, and evidently written in malice.*

Here is the "antidote" for the "bane." It is enough to say that *all* our city officers, as well as our citizens generally, did everything in their power to make the visit of our Detroit guests an agreeable one and to do honor to the formal opening of the Detroit and Milwaukee Railway. We respectfully suggest to our friends of the *News* that the sooner they dispense with the services of *such* a "local," the better will it be for them and the credit of our Milwaukee Press.

THE DETROIT LIGHT GUARD.—The Detroit *Tribune* of Monday thus announces the return home of our visitors from Detroit and the impressions they formed of Milwaukee hospitality:

RETURN OF THE LIGHT GUARD.—This favorite Company returned from their trip to Milwaukee yesterday morning. They speak in the very highest terms of the princely treatment which they received at the hands of the Milwaukeeans. No pains were spared to render their stay a continued round of pleasure, and every attention was paid that could possibly enhance their enjoyment. Their liberality knew no bounds, and the good people of our sister city may rest assured that they made fast and warm friends of their visitors from Detroit, who will be very happy at any time to show them that they know how both to appreciate and to return every act of their generous and thoughtful kindness.

☞ John B. Wilbor, the Democratic candidate for sheriff in Fond du Lac Co., has been elected by one majority.—*Madison Journal.*

Not exactly! The Sheriff elect of Fond du Lac County is Mr. BURNHAM, a staunch Republican, and a brother of Messrs. GEORGE and JOHN BURNHAM, of this city, brick-makers, and good Republicans like himself.

LA CROSSE & MILWAUKEE RAIL ROAD.—The amount of receipts on the La Crosse and Milwaukee Road at Kilbourn City Station for the month of October, was $2,326.15 for freight and $875.65 for passengers—in the aggregate, $3,201.80.

TELEGRAPH LINE TO LA CROSSE.—The Kilbourn City *Mirror*, of Monday last, says:

We learn that the telegraph wires, along the La Crosse road, are up as far as the Tunnel; and that there is to be no delay in putting them through to La Crosse. We hear, also, that there are five batteries in Milwaukee, designed, we suppose, for this place, Lisbon, Tunnel, Sparta and La Crosse.

Terrible Deed in Kentucky—Two Men Hung by a Mob—Suicide of one Person—Arrest of other Individuals.

Some eight months since a wealthy farmer of Kentucky, living near Campbellville, was murdered and robbed of between $5,000 and $6,000 by parties who entered the house at midnight and accomplished the double deed while he was soundly sleeping in his bed. Mr. Simpson was wealthy and highly respectable, and of course the cowardly murder caused a great excitement in his community. Soon after the guilty culprits were discovered and arrested, and an attempt was made by the populace to hang them, which was frustrated. Afterward they were taken from the jail at Russellville to that at Greenburg. Now the second and awful tragedy opens, on the 10th, (Wednesday last,) as reported to the *Louisville Journal:*

This morning, according to a previous understanding, men from this and the adjoining counties commenced gathering at this place, and at an early hour took up their march to Greenburg, meeting with accessions at different points along the road, until the crowd numbered two or three hundred men, including a considerable number of spectators. The mob proceeded to the jail, which is built of stone and very strong, and founds the doors locked and the jailor gone. A number of men immediately seized a large piece of heavy timber, and, with several tremendous blows, bursted the door from its hinges. An inner door was speedily broken with crow-bars and sledge-hammers, and a portion of the mob stood in the debtor's room, fronting the cells in which the miserable men were confined. The locks of the cell doors were soon broken and the doors pried open, when a most horrid and sickening and revolting sight met the gaze of those present.

One of the men, Elias Scaggs, a man weighing two hundred pounds, was found weltering in a large pool of blood, in the last agonies of death, the blood spurting in large jets from a ghastly and self-inflicted wound in the neck, having with a razor cut his throat from ear to ear. His body, convulsed in death, was dragged into the debtors' room, and from thence down a flight of steps on to the street paving. The remaining three men, viz: Bill Saul Thompson, Sloan Despano and George Hunter, were then brought from the jail, bound and mounted behind men on horseback, when the crowd, in double file, amidst crowds of spectators, took up their return march for this place, a distance of twelve miles, during which two of the miserable men displayed considerable firmness, asserting their innocence in the most positive terms. Thompson wept and prayed audibly, calling on all to witness his innocence. The crowd having arrived at the place, determined to lynch Beko also, a negro belonging to the murdered man, who had been implicated by Scaggs as the real murderer.

At this juncture, amid the yellings and howlings of the crowd, the expostulations of the Sheriff and our excellent jailor, and "amid confusion worse confounded," Robert Colvin, Esq., a prominent and influential citizen, having succeeded in gaining an elevated position and in catching the ear of the crowd, addressed it in a short speech, which for point, appropriateness and good sense, I have hardly ever heard excelled; and it was as effectual as it was sensible, for after an unsuccessful effort of one or two inexperienced orators, the mob left the negro in jail and conducted the three men a short distance to an elm tree, and began making preparations to hang them. At Thompson's request a prayer was offered in their behalf, he praying and weeping aloud during the time. He was then mounted on a horse, and after again asserting his innocence for the last time, a rope was put about his neck, the end thrown over a limb, the horse driven from under, and Thompson was launched into eternity. He seemed to die easy—one or two spasmodic jerkings of the limbs, a shudder and all was over.

Despano soon shared a similar fate, dying much harder. At this stage Hunter gave evidence of making a clean breast, which, after some delay and a good deal of reluctance, he did, confessing to the guilt of Scraggs, Thompson and Hunter, and implicating five others as being concerned in the murder. Their names are as follows: Henry Scraggs, Jerry Scraggs, Lloyd McDonnel, John Underwood, and a son-in-law of Sympson. The latter is under arrest, but is, I believe, generally considered innocent. The Sheriff, with a posse, is out to-night, to arrest the others. Beko was also implicated by Hunter, and brought forth, and the two confronted. Nothing of importance was elicited, and they were both taken to jail—both of them making a narrow escape.

THE GRAIN AND PORK TRADE.—During the last week there have been recived at Chicago 9,759 bbls flour, 111,957 bus wheat, 42,163 bus corn, 7,532 bus oats, 4,845 bus barley, and 776 bus rye—making 214,757 bus of grain. The total receipts of the season are now 462,115 bbls flour, 9,409,268 bus wheat, 8,483,658 bus corn, 1,566,120 bus oats, and 123,198 bus barley—making a grand total of TWENTY TWO MILLIONS OF BUSHELS OF GRAIN, namely, 22,192,819 bus. At this time last year the receipts were 207,000 bbls flour, 8,500,000 bus wheat, 7,-300,000 bus corn, and 1,150,000 bus oats—making 15,210,000 bus, and showing an increase, over the recepts of last year, of nearly four millions of bushels.

The shipments of the last week have been 6,257 bbls flour, 158,344 bus wheat, and 19,068 bus corn—making 208,848 bus of grain. The total shipments of the season have now been 377,497 bbls flour, 8,567,282 bus wheat, 6,515,-198 bus corn, 1,525,708 bus oats, and 114,040 bus barley—making a grand total of over NINETEEN MILLIONS of bushels of grain, namely, 19,-607,721 bushels. The shipments at this time last year were 184,000 bbls flour, 7,500,000 bus wheat, 6,760,000 bus corn, and 360,000 bus oats—making a total of 15,565,000 bus, and showing an increase in the shipments of this year of four millions of bushels of grain.

The grain market was dull yesterday, closing prices being for No. 1 red winter wheat, 98ca $1,00, for No. 2 spring, 64c in store. There is nothing doing in corn, which is nominal at 60c in store for old crop.

The market for live hogs is active at $4,00a 4,50 per 100 lbs live weight, equal to $5,00a 5.62 net. Dressed hogs sell at 5.00a5.50 per 100 lbs for animals weighing from 200 to 300 lbs each. 25,000 live hogs have arrived here during the last week.—*Chicago Times of yesterday.*

From Washington.

Special Dispatch to the N. Y. Tribune.

WASHINGTON, Nov. 12, '58.

Judge Parker left this morning for New York. He came here at the President's request, and has had several interviews with him. The President, it is said, offered him yesterday the Collectorship of New York, declaring that he meant, at all events to remove Mr. Schell. The Judge declined the honor, intimating his preference for the Mission to England, or for a seat in the Cabinet.

The Collectorship, it is stated, will now be tendered to Mr. Taylor, the candidate for Lieutenant Governor on the same ticket. Great efforts are being made by Mr. Schell's friends to appease the President's wrath, which is attributable to the conduct of the Hards in the recent election.

Mr. Sam. Medary of the Columbus *Statesman*, ex Governor of Minnesota, has been appointed Governor of Kansas.

DETROIT AND MILWAUKEE RAILWAY.—Those of our citizens who have not visited the dock at the foot of Brush street for a few weeks past, would be greatly surprised to see the vast improvement made in that locality through the efforts of the Detroit and Milwaukee Railway.— Work has been pushed ahead with an energy that speaks well for the Company, and displays a determined activity on their part that is bound to win. The construction of that mammoth dock has appeared almost magical, so rapidly has it progressed. We learn that Mr. S. P. Ridley, the gentleman who had the job of building the dock, is to commence at once the erection of two freight houses, one of brick, four hundred and six feet in length—the other of wood, two hundred and five feet in length—to be completed during the winter.

The business of the road is increasing steadily both in freight and passengers, and when all its facilities are completed, we predict one of the best paying roads in the country.—*Detroit Advertiser, Nov. 15th.*

IMPORTANT SUIT DECIDED—COL. WINDER VICTORIOUS.—For some time past there has been a contest in the Wayne Circuit Court—and more recently in the Supreme Court—relative to the title of Col. Winder to his large landed property in this city, involving an amount of $50,000 in round numbers. In the Circuit, the jury, under the charge of Judge Witherell, returned a verdict in favor of Col. Winder. The case was then appealed to the Supreme Court, which rendered a decision this morning affirming the judgment of the Court below, thus fully establishing Col. Winder's title.—*Detroit Tribune, Nov. 13.*

NEW YORK, Nov. 16th.

The anti-Tammany Democrats have nominated Stephen P. Russell for Comptroller, vice Jas. P. Soutter, declined. The Tammany primary elections passed off peaceably last evening.

Opening of the Chamber of Commerce.

The large apartment in the first floor of the *Free Democrat* building, at the Western end of Spring Street Bridge, was formally inaugurated, last evening, as our Milwaukee CHAMBER OF COMMERCE. The room is centrally located, neatly fitted up and well adapted for the uses proposed. A large crowd of our Merchants and Business men attended the opening ceremonies. The address by EDWARD D. HOLTON, Esq., was able and interesting. Other gentlemen also spoke eloquently and well; but the late hour to which the proceedings extended compels us to defer till our next a full notice of what was done and said.

CITY TAXES.

The Board of Councillors, last night, after a long discussion, finally concurred in the Report of the Joint Committee on Finance relative to levying of taxes for the current year, which had been adopted by the Board of Aldermen. The report of the Committee will be found in the proceedings of the Board. The tax levied is therefore as follows: for the purpose of paying the annual interest on the city debt, and for the sinking fund of the extinguishment of the funded debt, 7-8 of a mill on each dollar of assessed valuation; and for the payment of the current expenses of the city, 4 mills on each dollar; besides the tax for Ward purposes, which is given elsewhere.

New Publications.

THE AGE OF CHIVALRY. By THOMAS BULFINCH, author of the "Age of Fable."

This new and interesting book has been placed upon our table by Messrs. HERMAN & WHITNEY, booksellers, No. 175 East Water Street. We have not carefully perused the work, but a hasty glance at its contents has satisfied us that it is a work of no small merit. The author is already well-known to the public as the compiler of a somewhat similar work, the "Age of Fable," which gained a wide circulation, and at once stamped his reputation. The book in question, as its title indicates, treats of the age of Knighthood, the days when chivalric deeds won the admiration of mankind. The object of the author is to present the stories of this memorable age in a form adapted to modern taste, and we have no hesitation in saying that this has been accomplished. As he says himself, "It is believed that this presentation of a literature which held unrivalled sway over the imaginations of our ancestors, for many centuries, will not be without benefit to the reader, in addition to the amusement it may afford.— The tales, though not to be trusted for their facts, are worthy of all credit as pictures of manners; and it is beginning to be held that the manners and modes of thinking of an age are a more important part of its history than the conflict of its people, generally leading to no result. Besides this the literature of romance is a treasure house of poetical material, to which modern poets frequently resort, and if every well educated young person is expected to know the story of the Golden Fleece, why is the guest of Langreal less worthy of his acquaintance?— Or if an allusion to the Shield of Achilles ought not to pass unapprehended, why should one to Esalibar, the famous sword of Arthur.

> "Of Arthur who to upper light restored,
> With that terrific sword,
> Which yet he brandishes for future war,
> Shall lift his country's fame above the Polar Star."

The work is handsomely bound and well printed, and just the thing for a nice gift book.

THE LIFE OF WASHINGTON FOR CHILDREN.— This is an invaluable little work for children, written by E. CECIL. It contains a brief sketch of WASHINGTON, both in his childhood and manhood, and is especially adapted for the use of children, the author having taken great pains to make it accurate, and to avoid the use of long words. The noble character of WASHINGTON is an excellent example for youthful minds, and the incidents are so graphically related in this little book as to lose none of their original interest. Messrs. HERMAN & WHITNEY, 175 East Water Street have the book for sale.

THE AMERICAN CORNET BAND.—The engagement of Prof. MERRILL with this band having terminated, it will hereafter be known as "THE AMERICAN CORNET BAND." As we have already mentioned, Capt. ALEXANDER SCOTT, one of the best band leaders in the country, is now the leader of the Cornet Band, and under his management it cannot fail to attain a high state of proficiency. As will be seen by a card in another column, this band is now prepared to furnish music upon all occasions, whether military parades, celebrations, balls, parties, or excursions. Some person stated at a meeting the other day that the leader of the American Cornet Band refused to furnish music for the Democrats, but volunteered the services of the Band for the Republican celebration. This, we are authorized to say, was either a mistake, or a fabrication out of whole cloth. The Band is for the use of *all* who will pay for its services, which have never been volunteered *free* to any person or party, whether Republican or Democratic. Like HARRY BINGHAM, who makes thunder for both parties, so will the Cornet Band make music for both—*if they will only pay for it!*

MUSKRATS.—The *Sentinel* says the "muskrats proved true prophets last year." If our neighbor will think again, he will change his mind, for all over the country it was said that the muskrats were building their houses very thick and warm, indicating a cold winter. But they were mistaken then, and may be again.—*Free Democrat of yesterday.*

We *have* "thought again," and retain the opinion first expressed. Without vouching for the infallibility of "the muskrats," it is but fair to them to say that last year, as this, they built their house "thin" and high up, as if anticipating a mild winter. And when about the 18th or 19th of November last, we had a severe cold spell, we were rash enough to say: (vide *Sentinel* of Nov. 20, 1856.) "We pity the improvident muskrats, who have built *thin* walls to their habitations, anticipating an open winter."

REPUBLICAN CELEBRATION.—The Republican celebration has been announced to come off to-morrow night, at Albany Hall.—*Wisconsin of yesterday.*

A mistake. The celebration comes off on *Thursday*, not this evening, at Albany Hall. It will, we hope, be fully attended.

THEATRE IN MILWAUKEE—OPENING OF JOHNSON'S ATHENÆUM.—Mr. W. F. JOHNSON, a veteran in the profession, opens Young's Hall *to-night*, with a good company, for a short season. The Hall, as our readers know as of late, been thoroughly repaired, neatly furnished and neatly papered and painted, and is altogether a very suitable place for theatrical representations. The stage has been enlarged, new and tasteful scenery and decorations procured, and an extensive wardrobe provided. The company engaged, is much above an average, as we think all will admit who go to see them to night. A good orchestra will lend the charm of popular music to the evening's entertainment. The programme for the evening includes Bulwer's favorite play of "Money" and the amusing farce, "An Alarming Sacrifice."— In short, the Manager has done *his* part, and now let the public do theirs. Let them greet him, on the opening night, with a crowded house and extend to him, during the season, such liberal aid and encouragement as will make a good theatre, a permanent institution in Milwaukee.

UNTRUE.—An article appeared in the *Wisconsin* of last evening, in reference to a certain Mr. Armstrong, which is untrue in its particulars, and does injustice to that gentleman. The girl hired by Mr. A. was detected in stealing, she having taken in two weeks, twenty-eight bottles of brandy, five boxes of cigars, four shirts, three sheets, pillow-cases, towels, knives, forks and spoons. She was arrested and acknowledged taking the things, but she did not take them for pay, as she was actually 75 cents in Mr. A.'s debt when she left, for wages advanced. He appeared at the Police Court in the morning, but the District Attorney was not there, and he was told that he could be notified when the Attorney would be present, but received no satisfaction. Mr. A. *is* a married man, his wife is now in New York on a visit, and he has never had more than one servant in the house at a time. The article in the *Wisconsin* looks as though instigated by some one with malicious intent. The mere statement of a girl guilty of such wholesale thieving, that she believes certain things about Mr. A., is a poor foundation to predicate such charges upon.—*Free Democrat of yesterday.*

We copy the above from the *Free Democrat* of last evening, in the belief that the facts are fairly stated and that the paragraph in question did injustice to Mr. ARMSTRONG.

BADGER STATE BOOK STORE.—One of the finest book establishments in the city, is the Badger State Book Store of Messrs. HERMAN & WHITNEY, No. 175 East Water street. The stand is that formerly occupied by ARCHIBALD WILSON, and later by HENRY KEMPSHALL. Messrs. HERMAN & WHITNEY have added largely to the fine stock of books and stationery which they purchased of the late proprietor, and it is their intention to keep a first class establishment, well supplied with everything in their line of business. They are they Agents for the Atlantic Monthly, which already ranks with the very first magazines of the day, and they have also made arrangements with the principal publishers in the country, by which they will have all new works of any account for sale here the same day they are issued at the East. We invite the especial attention of the trade to the advertisement of Messrs. HERMAN & WHITNEY. Their facilities for procuring goods will enable them to supply dealers in the interior upon very reasonable terms, and we know them to be the right sort of men to do business with.

COLLISION OF THE GEN. TAYLOR WITH THE BRIG CONCORD.—The *Northern Light*, Capt. SPAULDING, which arrived at Detroit, Sunday, the *Advertiser* says, brings news of a serious accident to the propeller *Gen. Taylor* on her way to Lake Superior, with a cargo of provisions, &c. On the 12th instant, when off Whitefish Point, she collided with the brig *Concord*, bound down. A dense fog prevailed, which was the cause of the collision. The *Taylor* was struck amidships, and was damaged so seriously that it was with difficulty that she was kept afloat until she reached the canal, where her cargo was transferred to the *Lady Elgin*. The extent of the damage sustained by the brig was not ascertained. It was presumed, however, that it was not serious, as when last seen she was making her way to the canal.

A Card of Thanks.

HEAD QUARTERS MIL. LT. GUARD,
Monday Evening, Nov. 15th.

At a meeting of the Milwaukee Light Guard, held Monday evening at the Armory, the following preamble and resolutions were unanimously adopted, and ordered printed:

Whereas, This Company feel under deep obligations to the citizens of Milwaukee, for the generous manner in which they assisted in making agreeable the visit of the late guests of the Company—the Detroit Light Guard: therefore,

Resolved, That as a token that such kindnesses are not forgotten by the M. L. G., we hereby tender to the citizens of Milwaukee, and particularly to Messrs. Kean & Rice, Hathaway & Belden, J. W. Ledyard, Dickenson & Field, and Ogden & Wall, the heartfelt thanks of the Company.

Resolved, That the Milwaukee Light Guard will always hold in pleasing remembrance the compliment paid their guests and themselves by Capt. Barry and his corps, the Union Guards, in escorting them to and from the steamer Cleveland.

GLOBES FOR THE SCHOOL HOUSES.—Some of the largest school Globes ever manufactured are now to be seen at Strickland & Co's. They are for the Ward School Houses, one for each school. They are 30 inches in diameter, and cost $150 each.— *Wisconsin of Monday.*

We are requested, by the Chairman of the Executive Committee of the Board of School Commissioners, to say, that no such Globes have been ordered for any of the Public Schools. It is an entire mistake.

NEW FIGS—QUICKEST TIME ON RECORD.—Our friends, Messrs. M. C. COOK & Co., Fruit dealers, No. 16 Wisconsin street, have just received the nicest and freshest lot of new Figs we ever "laid eyes on," or tickled our palate with. They were imported by this enterprising firm, and arrived here from Smyrna, by steam, in the astonishing short and unprecedented time of *twenty-eight days.* The Figs, and the transit time, are ahead of anything "yet heard of."

LECTURE BEFORE THE YOUNG MEN'S CHRISTIAN ASSOCIATION.—Present appearances indicate that we shall have an abundance of lectures here the coming season. The Young Men's Association has made arrangements for a course of lectures by some of the ablest and most popular men in the country, and as will be seen by a notice elsewhere, a lecture will be delivered before the Young Men's Christian Association, on Friday evening next, by Rev. W. G. HOWARD, D. D., of Chicago, at Albany Hall. The subject of the lecture will be "Popular Fallacies in Religion.". From the reputation of the Rev. gentleman, an able discourse may be expected. The lecture is to commence at 7½ o'clock, and tickets of admission will be 25 cents.

HOW TO SAVE MONEY.—Put your taxes of 1857 in the hands of JOHN S. FILLMORE, and he will pay them for 95 cents on the dollar. See his notice elsewhere.

MILITARY VISITORS.—A German Rifle Company from Watertown arrived here yesterday.— They are the guests of our Milwaukee City Dragoons, and will take part in the parade and ball, given by the Dragoons *to-day*, in honor of their 12th anniversary.

VALUABLE PUBLICATIONS.—Mrs. FOSTER is in our city, canvassing for subscribers to *Randall's Life of Jefferson* and *Hunt's Lives of New York Merchants*, both standard volumes and handsomely finished.

TAXES FOR 1857.—I will pay any city tax of 1857, at 95 cents on the dollar.
tf J. S. FILLMORE.

MILITARY PARADE AND BALL.—This being the Twelfth Anniversary of the Milwaukee City Dragoons, Captain GEORGE, they celebrate the day by a Parade this morning, and a Ball at the Hotel Wettstein, *to night.* Their military brethren and the public generally, are invited to attend.

☞ This morning the Great Grand Sale of that large and extensive assortment of Furniture comes off at 10 o'clock, by CALEB WALL, at the Bee-Hive Store, No. 146 East Water Street. There will be also a Piano for sale.

EYE AND EAR—DR. G. A. KNAPP, oculist and aurist, of Buffalo, N. Y., who is on a professional visit to Milwaukee, is making some extraordinary restorations of sight and hearing. He has lately removed films of eight years' standing, from the eyes of a young lady, without scarcely consciousness on her part—restoring the vision. Also cured a son of our postmaster, a fine little boy, of a severe disease of the eye, *without any pain* whatever.

The Dr. may be seen at all times at his office and residence, No. 418 Jefferson street, near the Court House, nov17h426d1t

OLD CITY ORDERS FOR TAXES 1856 AND 1857.—J. S. FILLMORE has $2,000 old city orders that will pay old taxes, for sale. tf

☞ IT will be found by calling at No. 16 Wisconsin st., Demor & Raymond's, that C. S. Maltby is still shipping his celebrated and unrivaled Oysters to his Agent, H. Cooke, of Chicago, from whom they are being supplied. Do not believe all that is said about Oysters, but call at No. 16 Wisconsin st., and try some of these large counts. They will go down easier than all the yarns that are being told.

They are but three days after being taken out of the shell, and are neatly put up in air tight tin cans, stamped on the cap at the unequalled Packing House of Mr. Maltby, in Baltimore, and are received fresh daily per Express. DEMOR & RAYMOND.

N. B.—Don't believe that H. Cooke, of Chicago, is going to stop sending Oysters to Milwaukee yet awhile.

A NEW AND IMPORTANT ENTERPRISE.
IMPROVED FLOUR MILL.

THOMAS B. SUPLEE having in operation a STEAM FLOUR MILL, which combines CHEAPNESS, COMPACTNESS, and PORTABILITY, and at the same time PRODUCING THE BEST QUALITIES OF FLOUR, solicits for this important invention the attention of MILLERS, MILL OWNERS, MACHINISTS, MERCHANTS, CAPITALISTS, and the public in general.

This Superior Flour Mill embodies every principle calculated to recommend its universal adoption. To demonstrate to practical men the great utility of this invention, it will be requisite to present facts that cannot be refuted.

The leading characteristic of this unrivalled Flour Mill, are its
ECONOMY, DURABILITY, AND EFFICIENCY
And its plain, practical arrangement.

This compact and efficient FLOUR MILL, including its complete grinding and bolting machinery, OCCUPIES A SPACE ONLY 4 FEET WIDE, 8 FEET HIGH, AND 29 FEET LONG, manufacturing within this contracted space, and at a single operation, Family, Extra, superfine, and all the lower grades of Flour, and the different kinds of offal.

THE FLOUR PRODUCED IS EQUAL IN QUALITY TO THE MOST SUPERIOR FLOUR, manufactured from a given amount of wheat by the best merchant mills in the United States.

From the very limited amount of room occupied by the Mill, it is obvious that there are many establishments possessing steam or water power, in which one or more of these Mills could, with convenience, be put into operation at a comparatively low cost, and realize to the owner a sure, continual and handsome profit.

One of these Mills, with a pair of Burrs only 36 inches in diameter, and requiring only a little over a 6 horse power to propel the entire grinding and bolting machinery, will manufacture, on an average,
Two Barrels of Flour per Hour.
Producing a barrel of excellent flour from as small a quantity of wheat as any other Mill in the country.

Instead of raising and lowering the Spindle and Burr connected with it, the Burrs in this Mill are adjusted by raising and lowering only the upper Burr, it freely balancing by its own gravity, so that its face is always perfectly parallel with the face of the lower Burr. As the faces of the Burrs are thereby effectually caused to be always exactly parallel with each other, the Burrs will produce flour of a perfectly even texture, and grind with great rapidity with a small amount of power.

THE BOLTING MACHINERY of this improved Flour Mill is, by far, the most efficient, convenient, simple and compact that has yet been invented. It embraces an ingenious, though extremely simple arrangement of mechanism, by which any portion of the partially bolted material may be conveyed to the Eye of the Mill Burr and re-ground with the wheat; or, it can be re-bolted without re-grinding any portion of it; or, a part of it may be re-ground, and a part of it re-bolted, at the same time; or, it may altogether, or any part of it, be rejected.

In the erection of a Merchant Flouring Mill, the time and expense of getting up a large building, with cumbrous machinery, and requiring a great amount of power, costing thousands of dollars, is, in a great measure, saved by adopting this Improved Mill, as it can be put up in a few weeks, and at a cost of only hundreds, when it takes thousands of dollars to complete one of the old Mills.

Its simplicity of construction, its freedom from liability to get out of order, its admirable adaptation to the manufacture of Flour on a limited as well as the most extensive scale, suited to the demand, together with its compact, portable form, and the small amount of power required to propel it, form a combination of qualities which recommend its universal adoption.

THOMAS B. SUPLEE having purchased of the inventor, the RIGHT FOR WISCONSIN AND NORTHERN ILLINOIS, of this unrivalled Flour Mill is prepared to sell Mills and Rights on such terms and at such prices as will enable business men of large or small means, to invest their capital so as by proper application, to realize large returns, in a pleasant business, and one that can be commenced in a very short space of time.

The public are respectfully invited to call and examine the Mill in operation on Sycamore Street, between West Water and Second Streets, Milwaukee, Wisconsin.
☞ Fresh ground Flour and Feed for sale at the Mill.
☞ Correspondents are requested to give the name of their Post Office, County and State, as plain as possible.

MILWAUKEE:
WEDNESDAY MORNING, NOV. 17.

PROCLAMATION.

In the good Providence of God another year has passed, and its memories and its fruits have been gathered up. Toward all mankind He has exhibited abundant mercies, and upon us he has showered innumerable blessings. Seed time and harvest came and are gone, and the fat earth hath yielded its great harvests and its fruits, every tree and every plant bearing seed after its kind. His bow has been still in the clouds. His avenging rod has been withheld, and the pestilence that walketh in darkness, and the destruction that wasteth at noonday, have passed by us.

In science and art, and in intellectual development, the whole earth has been astonished at continued and startling successes and achievements. All trades, business avocations, professions and pursuits, have met everywhere with the success they have deserved. In all things commendable and useful, and of good report, we have met the approving smile of our Father who is in Heaven.

The works of the Lord are great, sought out of all them that have pleasure therein.

His work is honorable and glorious, and his righteousness endureth forever.

He hath made His wonderful works to be remembered; the Lord is gracious and full of compassion.

He hath given meat unto them that fear Him; He will ever be mindful of His covenant.

The fear of the Lord is the beginning of wisdom; a good understanding have all they that do His commandments; His praise endureth forever.

For all his bounties and mercies, and loving kindness and care, we owe the homage of grateful, humble and obedient hearts. Following a venerable and wisely instituted custom, I therefore do here appoint, **Thursday, the 25th day of November** next, as a day of Thanksgiving and Prayer and Praise. And I commend that day to the observance of the good people of this State, enjoining them to abstain thereon from all secular avocations and employments, excepting only works of necessity and mercy.

In Testimony Whereof, I have hereunto subscribed my name, and caused the Great Seal of the State of Wisconsin to be affixed.

L. S.

Done at Madison, this 27th day of October, in the year of our Lord, one thousand eight hundred fifty-eight.

By the Governor,
ALEX. W. RANDALL.
J. D. Ruggles, Ass't Sec'y of State.

"A House Divided," &c.

While the *Union*, and other "National Democratic" organs keep up a steady fire upon the "traitors" and "factionists," who follow the banner of Senator Douglas, the papers in the interest of the latter, attack the Administration with great vehemence, and denounce it as faithless to its trust and recreant to its principles. Thus the *Union*, speaking for Buchanan & Co., says of the result in Illinois:

> If the Democratic party has triumphed in Illinois, it has been *at its own expense*, in consideration of joining the Black Republican clamor against the "Lecompton fraud and swindle." It is a triumph *barren and ignominious*; it is a triumph over which the Black Republicans have reason to exult, and do exult, more than the good and true Democracy. The platform of the party in Illinois, on the great slavery question, in the canvass just ended, differs but little from the Buffalo platform of 1848.
>
> We repeat, that a victory, won upon a charge of fraud and delinquency of principle, against the Democracy—a victory won upon a platform of doctrines differing but a shade from the odious Platform of Buffalo—is *not a victory* over which we can rejoice, or from which we can expect any advantage or honor to the great party in whose service we labor.

On the other hand, the N. Y. *Freeman's Journal*, a zealous Catholic and Democratic organ, thus retorts upon the Administration:

> The rebuke of the late election is severe, but salutary. We are pleased that it has been measured out with a moderate hand. Our only desire has been that the true principles of the Democratic party should be vindicated and relieved from the contamination of the spurious and anti-republican vagaries of the present Executive. *We have, for some time, ceased utterly to regard James Buchanan as a Democrat. He is a Federalist, to the heart's core.* He has betrayed his trust, or proved unequal to it, and has warred with an insane bitterness against the party which elevated him to office. Not only has he endeavored to rob the party of its dearest principles, but he has violated the fundamental theories of the Government in striking madly at the Representatives of the people; and with his bribes in Kansas, proffered to the constituency, and his rewards of office, bestowed upon recreant favorites, he has made an epoch which will not soon be forgotten, and ought never to be.

Mr. Buchanan was just the same "Federalist to his heart's core," when the *Freeman's Journal* supported him for the Presidency, as he is now. His Executive career has conformed exactly to what the Republicans predicted. He has shown himself bitterly and consistently hostile to Freedom and the North, and has devoted all the energies, influence and patronage of the administration to promote the interests of Slavery, and the behests of the South. He has proved to be the most corrupt, the most extravagant, the most sectional and the most anti-Democratic President, that ever yet occupied the Executive Chair. The faults and follies of Pierce, Polk, and Tyler are forgotten in the blunders and crimes of Buchanan. Bad as they were, he is infinitely worse. Surely such a quartette of Democratic Presidents ought to prove an effectual and enduring warning to the people of the United States not to trust any more of the breed with the destinies of the Republic.

The Vote of Illinois.

> The united democratic vote in Illinois is about 4,000 greater this year than the republican vote. So that the republican State ticket is elected by a minority.—*News of yesterday.*

The Republican State ticket leads the Douglas ticket by some 5,000 votes, while the Buchanan ticket received from 8 to 10,000. If, therefore, the Republicans are in a "minority" of 4,000, Douglas is in a minority of *fifteen thousand.*—In fact, Douglas owes his triumph to an unequal apportionment, whereby the largest representation in Congress and the State Legislature is given to the least populous portion of the State. The Chicago *Tribune* thus explains it:

> The thirty-five Lincoln members of the House represent a larger population than the forty Douglas members; and the eleven Lincoln Senators represent a larger constituency than the fourteen Douglas and Buchanan Senators. In other words, if the State had been apportioned according to population, the districts carried by the Republicans would have returned *forty-one* Lincoln Representatives and *fourteen* Lincoln Senators, which of course would have elected him. In the Republican districts it requires an average population of 19,685 inhabitants to elect a Representative, and 58,900 for a Senator, while in the Democratic districts 15,675 for a Representative and 47,100 for a Senator suffices.
>
> On a fair apportionment, Douglas would have been beaten seven in the House and three in the Senate. He was elected for the reason that 750 voters in "Egypt" are an offset to 1,000 in "Canaan."

We should not think *that* a triumph over which a professed "Democrat" and vaunted champion of "Popular Sovereignty" would find much occasion to rejoice.

Better and Better!—The official returns, as they come in, swell the Republican majorities in this State and cut down the Democratic ones.—It is now quite certain that Washburn's majority in the Second District will exceed *four thousand*, and that Larrabee's, in the Third, will be just about *one thousand.* This will make the Republican majority, on the popular vote, nearly, if not quite *six thousand five hundred*—a gain of *seven thousand* since last year.

"The Unkindest Cut of all."—The Madison *Argus*, "official" organ of the Democracy, thus uncivilly snubs its yoke-fellow, the Horicon *Argus*:

> Dodge County.—We humbly hope and trust that Pomeroy will either resign as Deputy U. S. Marshal or as editor, or else do both a little better. How has the election gone in Horicon, Mr. *Argus*.

Pomeroy spent election day in Kewaunee County, exerting his official influence, as Deputy U. S. Marshal, to scare up voters for that decided (since election) Douglas man, Judge Larrabee.

Rhinehart not Lynched.—A gentleman from Le Sueur yesterday, informed us that the report that Rhinehart had been lynched was untrue.—He is in jail awaiting his trial, at Lexington.—*St. Paul Pioneer, Nov. 13th.*

The Debt Assumption Scheme.

The scheme recently put forth by the "Newhall House Convention," for the assumption, by the State, of the various city, town and farm mortgage bonds, issued in behalf of our Wisconsin Rail Roads, does not seem to *take.* Our business men and bankers generally regard it as erroneous in principle and defective in detail.—The press look upon it with suspicion. Here is what the Madison *Argus* (Dem.) says about it:

> We have at length the scheme proposed in tangible form, by what is said to have been "a convention of citizens from various sections of the State, held at the Newhall House, in Milwaukee, on the 10th of November, 1858."
>
> Who these "citizens" are we have no means of knowing. Their names appear to be kept constantly suppressed. A few weeks ago they were called "a committee." They are now called "a convention." We would like right well to see a list of the names belonging to it, and we hope it will be given before the project is urged much farther.
>
> We confess that we are not without curiosity to see this wonderful "new way to pay old debts" freely explained. We want to understand all about it. We are now inclined to look with a good deal of suspicion upon it, but we wait to see.

The Appleton *Crescent* (Dem.) is still more outspoken against it; ditto the Janesville *Gazette* and other Republican papers. We think the scheme will have to undergo essential modification before it can meet with favor from the Press, or People of Wisconsin.

Are Irishmen in favor of Slavery?—That our Irish fellow-citizens, with rare exceptions, pretty uniformly vote the Democratic ticket, is a fact that few will dispute. But that they are, with like unanimity, favorable to the institution of Slavery, is by no means so clear. Yet John Mitchell, in his paper, the *Southern Citizen*, thus sets down his fellow-countrymen in America as being, one and all, on the Pro-Slavery side of the question:

> First: Every Irishman in the Southern States, without exception, who can afford to buy negroes, straightway buys them.
>
> Second: Some of the largest and most successful planters in the Southern States are born Irishmen; and the finest plantation that has been purchased in America for many years, with 560 negroes upon it, was last winter sold in Louisiana; the purchaser was an Irishman.
>
> Third: Not only is there a large number of Irish *born* citizens at the South who own slaves; but most of the Southern planters and slaveholders, we are proud to say, are Irish by descent.
>
> Fourth: Our acquaintance with Irish born citizens at the South is very extensive; and we never met with one of them who is not in favor of reviving the slave trade in Africa; save *one*, and he is a very large slaveholder already, and wants no more.
>
> Fifth: Irish citizens at the North, though they have no personal interest in Slavery, almost universally give their votes to let it alone (which is all that is asked of them) because they have no business with it, no responsibility for it; because it exists under the constitution; by which same Constitution their own rights and liberties exist; and because its enemies have proved themselves to be their enemies.

How far John Mitchell is authorized to speak for his countrymen in this matter, we cannot say. We should be sorry, however, to think that he has truly described their national position on the great issue of Freedom, or Slavery.

The Republicans Abusing Billinghurst.—

> About one of the most curious spectacles that we have witnessed, is the treatment extended by the republicans to Billinghurst since his defeat. They almost universally cry out "served him right."—*Madison Argus.*

Not one of them says any such thing. On the contrary, the expression, in and out of the Third District, is a universal one of regret at Mr. Billinghurst's defeat. This regret will, we do not doubt, be increased by Judge Larrabee's probable course in Congress.

The Sham-Democratic organs lavish the most absurd and fulsome praises upon the Judge.—Hear the *Argus*, for instance:

> We endorse all that is above said of Larrabee. He is a man every inch of him. He will do more for Wisconsin in a single term than our whole late delegation from the "Mounting Bird" down to Washburn could do in years.

Such extravagant flattery is simply ridiculous. There is not a member in our present Delegation in Congress who is not, in *all* respects, the peer of Judge Larrabee, nor one of them whose labors and influence at Washington will not more than equal his.

Another Assemblyman Gained!—The Prairie du Chien *Leader*, of the 15th inst., brings us the gratifying intelligence that Tower, Republican, is elected to the Assembly for the Badax and Crawford District, by a handsome majority over Hoffman, democrat. The *Leader* says:

> Sufficient returns from Badax county have been received to give assurance of the election of the Republican candidate for Member of the Assembly from this district. The Viroqua *Times* of the 5th, publishes returns from seven towns, giving him a majority of two hundred and thirty-three. Mr. T. C. Ankeny, who left Viroqua on Tuesday last, informs us that five more towns were then in, increasing Tower's majority in that county to something over three hundred.—Every town heard from had given a Republican majority, and the same was expected of the towns yet to come in.

Washburn and Tower! This is glory enough for one day!!

Well done, for the "Battle Ground." Last year, the District was represented by a Democrat. The election of Tower gives the Republicans *nine* majority in the Assembly over all others. Last year, we had but *five* majority.

> Large Gains in Both Houses of the Legislature.—The last State Senate was two-thirds Republican. The passage of the mortgage Stay Law, the Assessments and other unequal enactments, together with the prodigality and extravagance of the dominant party has nearly revolutionized the Legislature. The State Senate is Republican by but two majority, while the Assembly is nearly even.—*Appleton Crescent.*

The *Crescent* has a strange proclivity for blundering. The "large gains" it speaks of are *no where.* Instead of losing strength, the Republicans will have *more* members in the next Legislature than in the last.

> ☞ The Berlin *Courant* confirms the report that Ormsby, Independent Republican is elected to the Assembly, in Marquette Co.—*Madison Journal.*

If this be so, the Republican majority in the Assembly will be *eleven* certainly, and possibly *thirteen.*

The Vote in this County.—We give this week an official tabular statement of the vote in this county at the late election. It shows a gratifying increase of population since the gubernatorial election, in 1857, one year ago. The vote for Governor in the whole county stood thus:

Randall.	Cross.	Total.
278	366	644

The vote for Congressmen this year stands thus:

Washburn.	Dunn.	Total.
608	797	1,405

Increase in the Republican vote, 330; in Democratic vote, 411; total increase, 761, or more than double the former vote.

The increase in the vote in Prairie du Chien can be seen from the following figures:

1857.	Randall.	Cross.	Total.
	152	207	357
1858.	Washburn.	Dunn.	Total.
	248	396	641

The figures show that Prairie du Chien has increased nearly as rapidly as all the rest of the county together.—*Prairie du Chien Leader.*

Winnebago County Official.—The *Courier* reports the official vote in Winnebago, as follows:

Congress—Billinghurst 2,308, Larrabee 1,584.
Senator—Washburn 2,539, McAllister 1,296.
The County Officers elected are all Republicans, as follows:
Sheriff—Joseph Woodworth.
Register—James H. Foster.
Clerk of Court—Geo. Gary.
Clerk of Board—W. M. Greenwood.
District Attorney—A. A. Austin.
Treasurer—J. M. Ball.
Surveyor—W. D. Hunn.
Coroner—A. B. Wright.

Trempeleau County—Official.—The Trempeleau *Pioneer*, of the 12th inst., gives us the following official figures:

Congress.—Washburn,		248	
	Dunn,	97	—151
Assembly.—Bennett,		245	
	Finkelburg,	97	—148

Republican county ticket, all elected.

Execution of the Boy-Murderer, Rogers.

The New York *Tribune* of Saturday, gives the following account of the execution of young Rogers, for the murder of Mr. Swanston:

> No particular hour had been appointed for the execution, and the prisoner, having been consulted on the subject, named the hour of 11:30. Accordingly as the hour drew nigh Capt. Dowling with eighteen men, who were to act as aids to the Sheriff, marched into the court yard and formed in line on either side of the iron gate which separated the gallows yard from the rest of the open space. Then almost immediately appeared the procession, headed by the Sheriff in his official hat, sword, belt and golden badge. Next followed several Deputy Sheriffs. Then came the culprit, walking firmly and upright, closely attended on each side by a Catholic priest, who talked to him and prayed every instant.
>
> Rogers was dressed in a shirt, a pair of fawn colored pants with a light stripe down the sides, and shoes. He wore no coat or vest. His arms were pinioned tightly behind his back by the elbows in the usual manner. On the bosom of his shirt was a small yellow cross which had been pinned there by Father Sanguinetti as he left his cell, and in his right hand he held a small black crucifix. His face looked boyish and innocent, his brown hair, parted in the middle, like a girl's, hung in graceful ringlets over his neck and shoulders, and he walked with a pleasant smile on his lips to his station beneath the beam. He never flinched or faltered.
>
> As he approached the gallows he cast one look upward, and comprehending the nature of the preparations at a glance, he smiled serenely and again addressed himself to his devotions.—He did not speak an audible word to any person, but obeyed exactly the directions of the Deputy Sheriff, whose duty it was to adjust the rope and place him in a proper position. The priests murmered prayers in his ears to the last moment of consciousness. When he came from his cell he had the black cap on his head and the noose around his neck. This noose was made fast to the rope which depended from the beam. He stood under the gallows but a moment after everything was prepared, before the Sheriff asked him if he was ready, to which he responded by nodding his head. The black cap was then drawn over his face, the signal was given, the dull sound of the axe, the rattle of the ropes and of the weight fell on the ear, and the writhing body of the fair-haired boy dangled in the air.
>
> The form swayed violently to and fro for a few times, then the oscillations ceased, and the body hung stark and stiff for a few seconds, when the chest began to heave convulsively, and the hands to tighten and struggle. The right hand, which clasped the crucifix at the instant of the cutting of the rope, raised itself spasmodically toward the neck, but being pinioned fast by the elbows, could rise no further than the breast, and then, thrust between the shirt and the skin, it rested on the beating heart till death relaxed the muscles, and it fell straight and lifeless by his side.
>
> After the body had hung for several minutes, the physicians in attendance examined the pulse and discovered that it still beat faintly.
>
> The statements of a physician who had disposition and leisure for mechanical exactness are, that consciousness was maintained for four minutes, at the end of which time all spasmodic motion ceased, and that pulsation ceased in eight minutes from the time the rope was cut.
>
> The corpse was permitted to hang for about forty minutes, when it was lowered and laid on a straw bed, from which it was at once transferred to the coffin. The physicians and Sheriff's Jury retired for a few minutes and brought in a verdict in accordance with the facts of the case.
>
> Before the body was cut down, one of the brothers of the deceased, a red-bearded, vicious-looking Irishman, came into the court-yard and gazed unconcernedly at the dead body of his kinsman, looked on while it was cut down and the cap removed from his distorted face, and then crowded his way through the crowd into the room where the undertakers were placing the remains of the boy in the coffin. His brutality was the subject of remark with every one. As soon as the verdict had been given the gates of the yard were thrown open, a hearse and a single carriage entered, and, with the consent of the Sheriff, the weeping sisters and heart-broken mother took possession of the remains and took sadly away the corpse of the unhappy youth to its last resting place in Calvary Cemetery.

The *Tribune* states the almost incredible fact that among those who applied for tickets to see the execution were two *brothers* of the murderer, and the *widow* of his victim! The applications were very properly denied by the Sheriff of New York.

REPORT OF COMMITTEE ON REFORMS.

1st. Whereas, The habitual use of tobacco is a filthy practice, an unjustifiable waste of God's property, a violation of man's physical nature, weakening to his intellectual powers, blunting to his moral sensibilities, and a species of intemperance, therefore,

Resolved, That we recommend to all our brethren to abstain from its use, as in the judgment of this Conference it ought to be discountenanced by all.

2d. Whereas, Covetousness, which the Apostle calls idolatry, is the crying sin of the age, and doing more to retard Christianity, dry up the fountains of benevolence, produce blight and mildew in all our finances, and bring spiritual death to all our churches, than all other causes put together; though we admit that American slavery is a God dishonoring and a man debasing system, a crime for which perdition has only an adequate punishment; yet this is but a branch of the monster covetousness, which is the fountain of almost all crime.

Whereas, Without benevolence, Christianity cannot exist no more than light can dwell with darkness, or sin with holiness, therefore,

Resolved, That we recommend to all our brethren an increased liberality. And upon the subject we recommend all to reflect seriously, and ask God's guidance that they may arrive aright conclusions.

3d. Whereas, The duty of Christians is to let their light shine and not put it under a bushel, and as he that dwelleth in Christ dwelleth in light, therefore,

Resolved, That in our judgment, secret oath bound associations are detrimental to the progress of true Christianity.

4th. Whereas, Equal rights was the great principle on which we originated; whereas, American slavery with its apologists has had such an influence upon our Church that it has disfranchised the colored men and thereby rendered our efforts on the great question of equal rights less efficient, therefore,

Resolved, That we believe consistency and our usefulness requires the right of suffrage to be extended to our colored brethren.

5th. Whereas, All Christians, whether ministers or layman, are governed by the same motive, which is to glorify God, therefore,

Resolved, That we believe it the duty of the laymen equally with the ministers, to make sacrifices to build up the Kingdom of God.

6th. Whereas, They that preach the Gospel should live by the Gospel, therefore,

Resolved, That the duty of the people to support the Gospel is equal with the obligations of the ministers to preach it.

7th. Whereas, The politics of all nations are governed by their religion; and as the purity of their politics cannot exceed the purity of their religion, therefore,

Resolved, That we recommend to all our brethren to see to it that they use their elective franchise for God's glory and man's good.—And,

8th. As, The religion of our nation governs its politics, therefore,

Resolved, That we believe that the Ecclesiastical organizations of our nation are responsible for the statutes of our country which sustain and extend the inhuman system of American Slavery.

Resolved, That the use of all intoxicating drinks as a beverage, (beer not excepted) is a sin against God, and ought to be treated as such by all Christians

9th. Whereas, Intemperance is making its ravages in all parts of our country, spreading death, destruction and damnation, carrying to a drunkard's grave over 40,000 annually, therefore,

10th. *Resolved*, That we recommend to all our ministers to preach or lecture as much as once or more at all their appointments on the subject of Temperance.

11th. Whereas, The duty of Christians is to love their enemies, bless them who persecute them, and pray for those that despitefully use and evil entreat them, therefore,

Resolved, That war is contrary to the spirit of the Gospel and ought to be discouraged by the Christians.

Sensible Advice to the Sick.—The most intelligent and observing physicians will be unanimous in saying that sickly imaginations, or disordered minds are more difficult to cure than diseased bodies, and that the real obstacle to cure the latter lies in the obstinacy of the former. Some people but slightly diseased in body, make themselves helpless by the operation of the imagination, and physicians find it impossible to cure the slight malady, until something has been done for the mind. Hence the advice often given to invalids to travel, whereby their minds can be taken from the body and the ills to which the imagination gives rise. We find in the papers the following bit of advice to invalids, coming from Charles Lamb, which will be generally regarded as sensible: "You are too apprehensive of your complaint. The best way in these cases is to keep yourself as ignorant as the world was before Galen, of the entire construction of the animal man, not to be conscious of the midriff, to hold kidneys to be an agreeable fiction, to account the circulation of the blood an idle whim of Harvey's, to acknowledge no mechanism not visible. For once fix the seat of your disorder and fancies flux into it like bad humors. Above all, take exercise, and avoid tampering with the hard terms of art. Desks are not deadly. It is the mind and not the limbs, that taints by long sitting. Think of the patience of the tailors, think how long the Lord Chancellor sits, think of the breeding hen."

Proceedings of the Board of Supervisors of Milwaukee County.

ADJOURNED ANNUAL SESSION.

MILWAUKEE, Oct. 12, 1858.

Board met pursuant to adjournment,—Present, Messrs. Barndt, Carroll, Douglas, Daggett, De Vos, Conrad, Everts, Howes, Keogh, Lindwurm, Niedermann, Phelps, Walsh and Tobin.

Mr. Tobin in the Chair.

The reading of the minutes of the last session was, on motion, dispensed with.

Sundry accounts were presented, and on motion referred to the appropriate committees.

The report of the Commissioners of the House of Refuge, together with plans and specifications presented by Mr. Phelps, were on motion of Mr. Keogh, accepted and laid on the table until to-morrow morning.

Mr. Walsh moved that when this Board adjourn, it adjourn until to-morrow morning, at 10 o'clock, and to make it the special order of business to take into consideration the propriety of erecting a House of Refuge; which motion prevailed.

On motion of Mr. Lindwurm, the Board adjourned until 10 o'clock to morrow morning.

October 13, 1858.

Board met pursuant to adjournment. Present, Messrs. Barndt, Carroll, Douglas, Daggett, De Vos, Everts, Howes, Keogh, Lindwurm, Niedermann, Phelps, Walsh and Tobin.

Mr. Tobin in the chair.

On motion of Mr. Walsh the reading of the minutes of the last session was dispensed with.

The special order of business set down for this morning was then taken up from the table.

The Commissioners of the House of Refuge submitted the following report and plans and specifications:

To the Hon. Board of Supervisors:

The House of Refuge Commissioners agreeably to the wishes of the Board at its last session, have provided themselves with plans and specifications and estimates of the contemplated House of Refuge, by the process recommended by the Board, i. e., by inviting the several architects in the city to submit such plans as they each thought suitable, with the condition that no charge was to be made for their plans unless by the architect whose plan might be adopted by the Board, and in case the plan of either should be adopted, then the architect whose plan should be so adopted should have the professional superintendance of the building at the usual charge; of course these plans (five in number) are but sketches of plans, not perfect, but designed to convey an idea of the building when completed, the estimates and specifications also cannot be accurate, but they each state that the amount estimated will fully cover the costs if built on their plan. These plans we submit to the Board with the remark that we have entire confidence in their judgment as to the costs, and that all the plans appear to us as good ones, and it is somewhat difficult for us to select the best, where all are apparently so well adapted to the uses designed, we desire, therefore, if one of these plans is to be adopted, that the Board make the selection.

It is proper to state, further, that each of the Architects have very kindly and patiently explained to us the merits of their several plans, and no doubt will each explain to the Board separately, if desired to do so.

We have spent some time in informing ourselves as to the probability of obtaining materials for the building, in County Bonds. Several lumber dealers have offered to take bonds for the lumber, and stone and brick dealers are quite ready to do the same. Respectable dealers in iron work, and extensive grocers, we are informed, will furnish what might be wanted in their line, and much of that kind of pay might be used in payment for labor, &c. Should the season prove favorable for building, we think sufficient room can be completed by the first of January, 1859, at farthest, to accommodate 40 or 50 prisoners, besides the requisite number of officers. One wing, or section, of almost any of the plans submitted, as will be seen, will do this, and will not cost to exceed ten or twelve thousand dollars. We think we have obtained all the information possible in the time allowed us, and without going out of the city. We have written East for information in relation to the discipline of other similar institutions, but have, as yet, received no answer. We are informed that similar institutions in other states pay their own expenses and leave some profit.

J. A. PHELPS, ch'n,
N. HOWES, Jr., } Com.
P. WALSH,

Mr. De Vos moved that the foregoing report, together, with the plans and specifications, be referred to the committee of the whole.

Which motion was agreed to.

The same committee, to whom was referred the account of Dr. Verbrych, amounting to $8, reported the same back without action to the Board,

Mr. DeVos moved to allow said account at $3 in full.

Which motion was so amended by Mr. Barndt, to allow said account at $4 in full.

On a call for the ayes and noes, said amendment was sustained by the following vote:

TO THE PUBLIC.

In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while put up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now vended possesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless and injurious article on the public, use *my name* as its sponsor, calling it "Bragg's" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of exciting a prejudice against "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and Michael Burrowes. This article is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with its proprietorship or manufacture.

Respectfully, A. M. BRAGG, M. D.

VICTORIOUS OVER PAIN.
BRAGG'S ARCTIC LINIMENT.

Agony or Ease!—Sickness or health!—Life, or death!!—These are the questions involved in the adoption or rejection of this specific by the martyrs to external diseases and injuries. Having received the indorsement of the distinguished savan, the late Dr. KANE, and its efficacy tested during two awful Winters in the regions of eternal ice, it is now coming into general use in every section of the civilized globe, and its marvelous cures are everywhere exciting astonishment.

THE AFFLICTED REJOICE.

HUNDREDS and THOUSANDS have tested its virtues, and are rejoicing in freedom from long lingering PAIN and DISEASE which other remedies had failed to cure. Have you the BRONCHITIS, NEURALGIA, RHEUMATISM, SCROFULA, EARACHE or TOOTH-ACHE—Are you afflicted with OLD SORES—Suffering from BRUISES, SPRAINS, CORNS, SORE EYES, PILES?
THE ARCTIC LINIMENT will afford you instant relief. Everybody is liable to

BURNS AND SCALDS.

For these dreadful accidents the ARCTIC LINIMENT should be kept on hand, for it affords sure and immediate relief, often saving from death. Every steamboat and railroad train should keep it. Who that has heard the shrieks of anguish uttered by the scalded and maimed victims of explosions and collisions, does not feel that some means of relieving their torture should always be accessible? Such does exist in this balmy pain controlling agent. It is

THE MOTHERS' COMPANION.

It cures CAKES IN THE BREAST, SORE NIPPLES, SORE LIPS, PIMPLES, &c. Ladies who prize a pure skin, void of pimples, blotches, scurf and all discolorations and excrescences, should attack these trespassers on beauty's domain as soon as they appear with the ARCTIC LINIMENT. It is excellent for the Hair, giving it a healthy glossy appearance. It is

GOOD FOR MAN AND BEAST.

It is a sovereign remedy for the various diseases with which horses are afflicted, curing the most alarming cases of BRUISES, SPRAINS, STRING-HALT, WOUNDS, SCRATCHES, SWEENY, SPAVIN, RINGBONE, BIG-HEAD, POLL-EVIL, &c. No farmer, livery stable keeper, or any person owning valuable HORSES, should be without this valuable remedy.

For sale by all respectable Druggists and Dealers.

Prices of the Liniment, 25 cents, 50 cents and $1 a bottle. A one-dollar bottle contains as much Liniment as eight twenty-five-cent bottles.

EXTRAORDINARY ANNOUNCEMENT.

Every purchaser of a dollar bottle of the ARCTIC LINIMENT receives, at Dr. Bragg's expense, the UNITED STATES JOURNAL, of New York, for one year. The Journal is a large illustrated paper—each number containing sixteen pages, beautifully printed on clear white paper, and filled with original matter from the most brilliant writers of the country. Certificate of subscription and full particulars of the novel and philanthropic enterprise, of which this offer forms a part, will accompany each bottle.

AYER'S CATHARTIC PILLS.

THE following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into a healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrate with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these PILLS, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard dyspeptic, whose knawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, mental anguish, or some lurking disease has deranged the internal organs of digestion, assimilation, or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts forth from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the PILLS in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

BOERHAVE'S
HOLLAND BITTERS.

JE MAINTIENDRAI

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit and infusing new health and vigor in the system.

READ CAREFULLY! The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.

Beware of Imposition! See that our name is on the label of every bottle before you buy.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,

IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞ One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

[illegible] deem it very necessary that each patient should have the benefit of both *general* and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, after due consideration, I have concluded to make such arrangements as will bring benefits of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I *can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. *Inhaling Vapors, Medical Inhalers, &c., &c.*, will be forwarded to any part of the United States or the Canadas. TERMS—My terms for treatment by letter are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address JAMES M. JARRETT, M. D.,
No. 620 Broadway, cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapor can be seen and inspected. sep3h148d6mo

Private and Confidential Medical Advice,

AT the MILWAUKEE VENEREAL HOSPITAL, established for the cure of Syphilis, Seminal Weakness, and the infirmities of youth and maturity, by Dr. BARNES.

Dr. BARNES takes pleasure in announcing to the citizens of Milwaukee and other places, that his office is at No. 12 Wisconsin street.

READ AND REFLECT.—The afflicted would do well to reflect before trusting their health, happiness, and in many cases, their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to.

YEARS OF PRACTICE, exclusively devoted to the treatment and study of Syphilis, Gonorrhoea, Gleet, Strictures, effect of solitary habits, ulcers upon the body, throat, nose or legs, pain the head or bones, and all Mercurial Affections, and all impurities of the blood whereby the constitution has become enfeebled, enables the Doctor to offer relief to all who may place themselves under his care.

Dr. B. makes no charges for short consultations.—Those requiring much advice should enclose a small fee sufficient to compensate for the time required to write the answer.

VOLUME XV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, NOVEMBER 17, 1858. NEW SERIES.

THE DAILY SENTINEL.

Common Council Proceedings.

MAYOR PRENTISS PRESIDING.

On Monday evening the Board of Aldermen held their regular semi-monthly meeting, Hon. WM. A. PRENTISS presiding.

After the usual presentation and reference of accounts and memorials, the Chair informed the Board that a summons had been served upon him that day, in favor of George F. Oakley, against the city of Milwaukee, the plaintiff claiming two hundred dollars for injuries to a horse and buggy, on Division street, in December of 1855. His Honor recommended that the papers be referred to the City Attorney, with instructions to attend to the case in the Circuit Court, which reference was made of the matter.

The Chair presented a communication from the Street Commissioners, recommending the grading of the unfinished portions of Spring street, and planking the sidewalks of the same, which was referred to the Aldermen of the Fourth Ward.

The resolutions, &c., adopted by the other Board, were taken up and action taken upon them, as follows:

A resolution directing the Mayor and Clerk to issue to the legal representatives of Frederick, Stake, warrants on the treasury for $1,185 being the amount of his claim against the city, for docking the Milwaukee River, at the ends of streets and alleys, in the Second and Third Wards. Alderman De Vos proposed to amend by adding the words "and charge the same to the several wards where the work is done."

Alderman Dousman said it was properly a general city charge.

Alderman Carroll moved to refer the matter to the City Attorney for his opinion, which, however, was not carried. The amendment was then put to a vote and was rejected by three to five.

The question of concurring with the Board of Councillors was then put, and the Board refused to concur, four voting in the affirmative and four in the negative.

The resolution to issue to the legal representatives of John Dunbar a warrant for $160 71-100, the amount of judgment obtained by the latter, against the city, was unanimously concurred in.

A resolution authorizing the issue of ten per cent warrants on the Treasury to Chas. Wiley, to take up the city's note for $1,722, with interest at 7 per cent, given in part payment by the Comptroller, for Lot 11 Block 11, Seventh Ward, &c. Alderman Phelps moved to amend by striking out the words "ten per cent City Warrants," and insert "City Orders," which was lost by a vote of three to five. The original resolution was then concurred in by a vote of 6 to 2.

A resolution in relation to grading Fourth Avenue and planking sidewalks of same, was concurred in.

A resolution requesting the County Board of Supervisors to reconsider their action levying the school tax for the current year, and levy 2½ mills on the dollar, school tax, the amount which will thus be raised being necessary to defray the expenses of the public school, was concurred in.

The Chair presented a communication from the Comptroller, in relation to the bill of the Daily *News* for printing. The items charged, the Comptroller found correct, and he requested the Council to decide if the bill should be paid at the rates charged.

The Chair presented a communication from the City Attorney, to whom was referred the petition requesting the Council to provide some means for the protection of the Lake Bluff in the First and Seventh Wards, from the effects of the discharge of eight gutters pouring over it into the Lake, and asking his opinion as to whether the Wards or the City were liable. After remarking upon the law in such cases, the City Attorney gave it as his opinion that the expense of providing against future damages was chargeable to the Wards and not the city. The communication was laid on the table.

Alderman Dousman, from the Finance Committee, to whom was referred the communication of the Comptroller, asking leave to vacate his present office, and engage two rooms on the same floor, provided the increase of rent did not exceed $50, reported in favor of the same, and offered a resolution that the Comptroller enter into contract with J. B. Cross, Esq., for the rooms in question, which was unanimously adopted.

Alderman Daggett, from the Bridge Committee, reported adverse to the allowance of the accounts of Carl Hafeman, W. Harrison and Michael Ladie, which was concurred in.

Alderman Lindwurm remarked that the Board of Councillors was to have the matter under consideration the following evening, and moved that the Board of Aldermen postpone, until Thursday next, the matter of levying the taxes, which motion was lost. The Chair then put the question on the adoption of the resolution, which was carried, all voting in the affirmative, but Alderman Lindwurm.

A resolution was adopted, instructing the Gas Co. to erect lamp posts at each end of Oneida street bridge.

A resolution requesting the City Attorney to report to the Council all suits now pending in *behalf* of the city was adopted.

Alderman Dousman offered a resolution authorizing the Chief Engineer to have the necessary repairs on the Engine House of Engine Co. No. 7, in the Fifth Ward made, which was adopted.

After the allowance of accounts, and the transaction of some other unimportant business, such as extending contracts, &c., the Board adjourned to the time of the next regular meeting.

GRAIN CLEANER & SEPARATOR
HORTON'S PATENT
G. B. BINGHAM & BRO.,
Sole Manufacturers in Wisconsin.

THIS MACHINE is of recent invention, and surpasses all others in use for its perfections as a thorough Separator and Scourer. It has given entire satisfaction in New York, Pennsylvania and other States where it has been introduced, and we are confident it is better adapted to the cleaning of Western grain than any other ever introduced into this State. It is fire proof, not liable to get out of repair, requires but little power to run it, and the spring cylinder so constructed as to render it unnecessary to be renewed for years. We respectfully invite all Western Millers to give us a call, and examine our machine, at the Bay State Foundry, Florida st, Milwaukee, Wis. feb10f916d1y

IRISH LINENS!
Damasks, Diapers, &c.

CONSUMERS of Richardson's Linens, and those desirous of obtaining the Genuine Goods, should see that the articles they purchase are sealed with the full name of the firm,

Richardson, Sons & Owden,

as a guarantee of the soundness and durability of the Goods.

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with Goods of a worthless character.

MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
EVER
Worn by Kings or Emperors.
WHAT? WHY A BEAUTIFUL HEAD OF HAIR.

Because it is the ornament *God Himself* provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh* and *dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— NEW YORK, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Hair Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.

"Drych a'r Cymry."
WELSH NEWSPAPER OFFICE,
118 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying, and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.
CHARLES CARDEW.

NEW YORK, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all.
J. D. HOES.
Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3.

RADWAY'S REGULATING PILLS.

DR. RADWAY & CO. have recently discovered a method for extracting from roots, herbs, plants and gums a nutritious extract of such wonderful nourishing power—which they have combined with Radway's Regulating Pills—that six of these pills will supply the blood with the same amount of nutrition as one ounce of ordinary bread; so that while the system is undergoing a thorough physicing, and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Diseases, Fullness of Blood and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. They are pleasant to take—elegantly coated with gum—free from taste and will not gripe, sicken or weaken the system, or leave the bowels costive. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infants against Cramps and Pains in the stomach, and insure not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimple on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of
CANKER
it extends to the stomach, causing
DYSPEPSIA
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS
creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE:
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the
PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.
